

Summary: Topical lunch: Thursday, April 26 12-1pm Rice 300
 Title: *Cornell Presence at the COP24 Climate Change Conference*
 Hosts: Allison Chatrchyan, Johannes Lehmann, Natalie Mahowald

We discussed past COP Cornell presence, as well as future plans for 2018, generating ideas for different side events. A broad range of attendees brainstormed different ideas, and we hope planned side events for 2018 or other COP events as a follow-up.

Invitation:

The COP Climate change conference represent the largest conference around climate change, as well as an important avenue for research to be presented to governments and NGOs. At this topical lunch we will brainstorm ideas for side events at the meeting and encourage new interactions at the conference. Please join us to find out more and help plan our presence!

If you are interested in joining us, please let Gladys Brangman know (geb99@cornell.edu) to get a head count for lunch.

Thanks

Natalie, Johannes and Allison

Atkinson Center for a Sustainable Future TOPICAL LUNCH

Title: *Cornell Presence at the COP24 Climate Change Conference*

Date: Thursday April 26, 2018 12:00 – 1:00pm 300 Rice Hall
