Atkinson Center Topical Lunch

Title: *Topical Lunch on Cornell at the UN's Climate COP25 and NYC Climate Week*

Hosts: Dr. Allison Chatrchyan, Director of the Cornell Institute for Climate Smart Solutions;
Prof. Natalie Mahowald, Irving Porter Church Professor in Engineering

Date: Wednesday, April 10th, 2019; 12:00 – 1:00pm, 300 Rice Hall

Abstract: Want to understand or influence climate change science and policy at the International level? Interested in networking with donors such as The World Bank and other UN organizations? Please join us to brainstorm ideas on how to present Cornell and Atkinson at the UN Climate events including the COP (Dec 3-13, Santiago Chile) and the NYC Climate week (September 23-29). There will be a brief introduction of these events and what Cornell has done before, and then a discussion of ideas on what to do next year!
