

Cornell Atkinson Topical Lunch:

Title: Plans for a Center grant focused on Precision Nutrition

Organizers: Saurabh Mehta (NUTRISCI-HE), Chris Barrett (AEM)

Date: Wednesday, October 23rd, 2019; 12:00 – 1:00 PM

Location: 300 Rice Hall

Abstract: A group of Cornell faculty is planning to submit a grant application in response to the Funding Opportunity Announcement - <https://grants.nih.gov/grants/guide/rfa-files/RFA-DK-19-002.html> - to establish a Nutrition Obesity Research Center at Cornell focused on Precision Nutrition.

The group is considering three different cores (required) for the application - one focused on Biomarker Discovery and Development, second focused on Food Systems, and the third focused on Clinical Validation and Translation - with all of these helping “solve” a set of needs and informing guidelines and policies. The topical lunch will be an opportunity to gauge interest, gather feedback, and chart out a way forward for the application, which is due in June 2020.
